

# Mary Washington Hospital

## Nutrition Counseling

4710 Spotsylvania Parkway, Suite 200  
Fredericksburg, VA 22407  
540.741.2210  
Fax: 540.741.2077

Thank you for choosing Outpatient Nutrition Counseling Services located at Cosner's Corner Office Park. We are committed to helping you reach your health goals.

Your initial appointment is scheduled for:

\_\_\_\_\_ at \_\_\_\_\_ a.m. \_\_\_\_\_ p.m.

Please arrive 5-10 minutes before your appointment.

## Directions and Parking:

From Route 1, turn onto Spotsylvania Parkway (turn left if heading south, turn right if heading north). Go approximately 0.4 mile. Our location will be on your right-hand side immediately after you pass Jo-Ann Fabrics and Craft Store. Look for Cosner's Corner Office Park. Come around to the front of the building. We are located in the same suite as Diabetes Management, on the second floor, turning right and right again after the elevator.

## Insurance Coverage:

It is your responsibility to contact your insurance company to determine if you have the benefits to see an **outpatient dietitian for Medical Nutrition Therapy**. Your insurance company may require that you have pre-authorization for services. This is NOT the same as the physician order. Having a doctor's order does not guarantee insurance coverage. As a courtesy, Mary Washington Hospital will bill your insurance company. **Our fees are: \$40 per each 15-minute block.** A typical initial consult is 1 to 1¼ hour (\$160-\$200) and follow ups are usually 30-45 minutes (\$80-\$120).

## What to bring to your appointment:

- Your insurance card and insurance authorization (if required)
- Blood sugar record if you are checking your blood sugar
- A spouse, friend or family member, if desired
- Completed form included with this letter

We have reserved your appointment just for you. **If you are unable to keep your appointment, please call us at least 24 hours in advance at 540.741.2210.**

\*NS4030\*

Briefly explain your reason for seeing the Dietitian today: \_\_\_\_\_

What do you consider to be the biggest challenges in making healthy food choices? \_\_\_\_\_

Circle the main motivators for changing your diet:

- Improve self-confidence
- Lose weight
- Increase energy level
- Improve athletic or physical performance
- Improve health (i.e. blood glucose, cholesterol levels, blood pressure)
- Prevent diseases I am at risk for: \_\_\_\_\_

On a scale of 1 (not willing) to 5 (very willing), please indicate your willingness to do the following:

To improve your health, how ready/willing are you to....	1	2	3	4	5
Significantly modify your diet					
Keep a record of everything you eat and drink each day for a week					
Modify your lifestyle (ex: work demands, sleep habits, stressors)					
Engage in regular exercise/physical activity					
Take nutritional supplements each day					
Have periodic lab tests to assess your progress					

Above information has been reviewed and learning needs have been identified.
