

# Mary Washington Healthcare Regional Cancer Center

## Mastectomy & Bra Fitting Services Offered On-site at the Regional Cancer Center

1300 Hospital Drive, Suite 301  
Fredericksburg, VA 22401

**Every Monday | 10:00 a.m. – 4:00 p.m.**

To better serve our patients, please call 540.313.4705 for a fitting appointment, so that we can provide each person ample time.

We understand that each woman who goes through a mastectomy or lumpectomy has unique concerns and lifestyle needs. That's why the Regional Cancer Center is partnering with a certified mastectomy fitter to offer caring, individualized, and private fitting services for prosthesis, breast forms, bras, and other related items.

### Understanding the Fitting Experience:

#### Prior to Surgery

- Appointment to discuss options for breast forms, partials, shapers, and bras
- Education on how prostheses feel and look when women are considering non-surgical reconstructive options
- Fitting for post-surgical camisoles and bras that can accommodate post-surgical accessories

#### 4-6 Weeks after Surgery

- Appointment with a certified fitter to select products that provide symmetry and the best fit for individual shape, size, and body style. Options include foam forms (post-surgery), weighted foam forms, and highly realistic silicone forms that come in standard and lightweight versions.
- Custom breast prostheses that are designed using a hand held scanning wand to ensure a perfectly tailored fit

- Specialty bras in sizes 28AA to 52N that accommodate all types of surgeries and provide a natural look

A certified mastectomy fitter works closely with each patient to find the right size and style of post mastectomy products and bras that will restore a natural look and project a positive body image. We are here to offer options, choices, and emotional support to help you through this process. **Wigs and wig products are also available during this time for fitting and ordering.**

To better serve our patients and customers, appointments for fittings are preferred. Please call Bonnie Bell at **540.313.4705**. Medicare and most insurance plans will cover breast care items and we will be happy to file your claim for you.
